Subject.

Delay in the issue, through Press, of the Tables Volume (II) of Census Report.

SIR,

I have the honor to submit herewith, for the information and orders of Government, copies of the marginally noted communications that have passed between myself and the Superintendent, Government Printing, on the subject of the delay in the issue through Press of the Tables Volume of the Census Report.

** 1) No.2419/F.189 dated 11th April 1922 to the Superintendent, Government Printing.
2) Extract of No.3985 dated 15th April 1922 from the above office.
3) No.2430/F.196 dated 18th April 1922 in reply to above.

2. It will be seen therefrom that the Press Superintendent pleads want of funds to get through the work quickly by working the Press overtime and applies for an additional grant of Rs5.000/- out of Census funds for the purpose. I have replied that I do not see my way to comply with his request while the grant of Rs57,000/- made for printing and stationery charges is still available for the purpose.

3. In Government Proceedings No.M.323-7/P & S 6-20-70 dated

P.T.O.

dated 16th July 1921 a sum of Rs37,000/- allotted for both printing and stationery charges was transferred from the Census to the Press Budget, and in doing so Government allotted Rs20,000/- for Printing and Rs17,000/- for stationery supply; and it is now understood that the whole of the latter allotment of Rs17,000/- remains practically unspent up to date.

4. In these circumstances I request that you will be so good as to obtain the early orders of Government authorizing the Press - Superintendent to utilize Rs5,000/- or such other sum as he may deem necessary out of the unspent allotment of Rs17,000/- under "Stationery supply" referred to in para 3 above to enable him to work the -- Press over time and to issue the Tables volume of the Census Report before 1st May 1922. This accelerated despatch would go a great way in effecting considerable savings in census expenditure in the long run (i.e., during the remaining period of Census work by enabling me and my establishment to devote attention to other parts of the Census Report).

5. I may in this connection also invite reference to my D.O. letter No.8359/F.158-13 dated 11th June 1921 (addressed to Mr.Ramanathan, then Under Secretary) bringing to the notice of Government the expediency of my being given the control over the expenditure of the grant of Rs37,000/- referred to in para 3 above by requiring the Press Superintendent to furnish me from time to time with a -- statement of expenditure incurred under different heads; but this point was not touched upon in the Government order transferring the said grant.

6. I may further add that the total grant of Rs37,000/- was originally made for both printing and stationery charges and is -- therefore legitimately available for meeting printing charges.

I have the honour to be,
Sir,
Your most obedient servant,

19/4/22

Census Superintendent in Mysore.

Letter No.2419/F.189 dated 11th April 1922 from the Census Superintendent in Mysore to the Superintendent, Government Printing.

I have the honour to bring to your notice that press copies of Tables XVII and XXII were delivered in the Press on 17th March 1922 and on 1st April 1922 respectively and that up to date only 45 pages of proofs of Table XVII have been received while Table XXII has not at all been put on hand. At this rate it will not be possible to issue Part II of the Census Reports by the end of the current month. I have therefore to request you to kindly make special arrangements for working overtime - and on holidays if necessary - charges for which are debitable to this Department - so that (1) proofs of the two tables XVII and XXII may be received in my office by the 15th instant and (2) the printing of the other tables may be expedited.

2. I may add that with these two tables the matter for Part II of the report is complete. All the other tables that go into that Part have either been printed or are in-proof and print order will be given for the tables in proof in the course of this ~~or~~ and the next week. From this it will be seen that unless special arrangements are made as mentioned in para 1 supra the issue of Part II will be delayed.

Letter No.2430/F.196 dated 18th April 1922 from the Census Superintendent in Mysore to the Superintendent, Government Printing.

With reference to No.3985 dated the 15th instant from Superintendent, Government Printing, requesting that a sum of Rs 5,000/- may be allotted out of the Census Budget for the current year to work the Press overtime and to issue Part II of the Census Report before the end of the current month, has the honor to state, with regret, that the undersigned does not see his way to make any additional allotment out of the Census grant, but that the Superintendent of -- Government Printing may apply to Government direct for appropriating Rs 5,000/- out of the allotment of Rs 17,000/- placed at his disposal "for stationery supply" in Government Order No.M.323-7/P & S 6-20-70 dated 16th July 1921 while transferring the grant of Rs 37,000/- from the Census to the Press Budget.

2. As the issue of the Tables volume before the close of the current month is calculated to considerably reduced Census expenditure in the long run, it is requested that early action may be taken to secure the requisite allotment from Government as pointed out - above and to see that Part II is issued without delay. A reference is also being made to Government from this office in this matter.
